

## Cox Providing Free Month of Internet through Connect2Compete Program

Building on our long-standing commitment to youth and their education during this immensely challenging time, Cox is offering Connect2Compete, our low-cost internet service, free for one month to families that don't have an internet connection. The service is free for the **first 60 days** until May 15; those free 60 days begin on day one of service.

**Cox is working to quickly connect as many families as possible. We have two easy ways to get students connected:**

1. Families can directly apply for Connect2Compete service at [cox.com/connect2compete](http://cox.com/connect2compete). The website is optimized for mobile use as most families are connecting with their mobile device.
2. Separate from Connect2Compete, families can subscribe to Starter Internet at a reduced rate of \$19.99 with one month free and no need to provide documentation. This offer provides a temporary boost up to 50 Mbps download speeds, no annual contract or qualifications to help low income and those impacted from Coronavirus challenges, like seniors and college students. The **first month** is free for this service until May 15.

Additionally, Cox recently made several enhancements to Connect2Compete. These include faster speeds, remote helpdesk support, a discounted computer program with PCs for People and a Learn from Home toolkit. Full details are available at [www.Cox.com/Connect2Compete](http://www.Cox.com/Connect2Compete).
