

# Ages and Stages Questionnaires Individual Scores

Students' individual scores and risk levels by skill from the current year's Ages and Stages 3 and Ages and Stages Social-Emotional Questionnaires.

## Questions Answered

- Which students in my class are considered to be at risk in communication? Fine motor? Gross Motor? Problem Solving? Social Emotional?
- Which students in my class should I be monitoring in communication, etc.?
- Are there students in my class who parents identify as having no concerns with communication, etc.?
- Do the observations made in the classroom match the observations parents identified on the survey?
